PRIVACY STATEMENT

The information on this form is collected to form part of the essential information the College holds on your child.

- The information collected will be used by the College for the following purpose:
enrolling your child at Northern Southland College
- Assessing the education needs of your child and ensuring the education services and resources in respect to your child are provided to the College.

The records made from this information may be viewed on request by the caregiver at the College.

These contact details may also be passed on to the Ministry of Education and the Ministry of Social Development (MSD). This is so young people who may have difficulty finding future employment, training or further education can be identified and offered support by organisations contracted by MSD to help re-engage young people in education or training when they leave school.

The information collected may be disclosed to education and health sector agencies in accordance with the principles of the Privacy Act.

Except with your specific authorisation, it will not be disclosed to any other person or agency unless such disclosure is authorised or required by law.

DIGITAL CITIZENSHIP AT NSC COLLEGE Responsible Use Agreement

When using information and communications technologies (ICT) at Northern Southland College I will always be a good digital citizen. ICT Devices include; Computers, Cameras, Laptops, Tablets, Mobile Phones And Smart Watches. This means that I:

- will be a confident and capable user of ICT. I know what I do and do not, understand about the technologies that I use. I will get help where and when I need it.
- will use ICT for learning as well as other activities. I understand that technology can help me to learn. I also know it can also be used to talk to people, to buy and sell things and to have my opinion heard. I know when and where it is OK to do each one.
- will think carefully about whether the information I see online is true. I know that it is easy to put information online. This means that what I see is not always right. I will always check to make sure information is real before I use it.
- will be able to speak the language of digital technologies. When people talk online the things they say can be quite different from a conversation they might have if they were sitting next to each other. I know that I must try to understand what people are saying before I react to them. If I am not sure, I can ask them or someone else to explain.
- understand that I may experience problems when I use technology and that I will learn to deal with them. I understand that there will be times when technology may not work as I expected it to, or that people may be mean or unkind to me online. When these things happen, I know that there are ways I can deal with it. I also know there are people I can go to, to get help if I don't know what to do next.
- will always use ICT to communicate with others in positive, meaningful ways. I will always talk politely and with respect to people online. I know that it is possible to bully or hurt people with what I say and do on the internet. I will think about the effect that my actions have on other people.
- will be honest and fair in all of my actions using ICT. I will never do anything online that I know will hurt anyone. I will make sure what I do is not against the law. I will make sure that my actions don't break the rules of the websites that I use. When I am not sure about what I am doing I will ask for help.
- will always respect people's privacy and freedom of speech online. I understand that some information is private. I will be careful when using full names, birthdays, addresses and photos of other people and of my own. I also know that I will not always agree with what people say online but that does not mean that I can stop them or use it as an excuse to be unkind to them.
- will help others to become better digital citizens. Being a good digital citizen is something that we all have to work at. If I know that my friends are having problems online, I will try to help them. If I see that someone is being unfairly treated online then I will speak up rather than just watch it happen.

STUDENT DECLARATION

I understand that these guidelines for responsible use are to be followed when using any technology while at Northern Southland College or while on any school activity. I am aware that this may include the use of a device that Northern Southland College does not own.

I understand that if I breach this responsible use agreement, I may lose access to College ICT services including the use of the internet, on College owned devices or any personally owned device used at College.

PARENT DECLARATION

I understand that Northern Southland College is supporting students as they learn the skills required to become successful digital citizens. Our College defines a digital citizen as someone who:

- is a confident and capable user of ICT
- uses technologies to participate in educational, cultural, and economic activities
- uses and develops critical thinking skills in cyberspace
- is literate in the language, symbols, and texts of digital technologies
- is aware of ICT challenges and can manage them effectively
- uses ICT to relate to others in positive, meaningful ways
- demonstrates honesty and integrity in their use of ICT
- respects the concepts of privacy and freedom of speech in a digital world
- contributes and actively promotes the values of digital citizenship
- I understand that Northern Southland College provides access to the internet and other communication technologies because it believes that they enhance the teaching and learning process.
- I understand that Northern Southland College encourages responsible behaviour by students when using technology to help protect themselves and each other from experiencing harm online.
- I am aware this 'Responsible Use Agreement' on enrolment to Northern Southland College is part of that, and that it encourages students to consider how their actions can affect themselves and those around them.
- I have read the student declaration and have talked with my child about what it means to them.
- I am happy that my child understands what this means, and that they are capable of working within the guidelines.
- I am aware that students can experience challenges when using technology, but that Northern Southland College makes every effort to support students to manage those challenges effectively. I understand that by learning to deal with them in a safe environment with the appropriate support they will be better prepared to deal with those challenges in the future.
- If I have questions or concerns about the way in which technology is being used by my child at College, I know the College is happy to discuss this with me, and I am aware that I am welcome to do this at any time.

EDUCATION OUTSIDE THE CLASSROOM

Education Outside The Classroom (EOTC) is the name given to all activities that occur outside the classroom, both on and off the school site. This includes curricular and extra-curricular activities.

Our staff believes in using a range of environments and experiences to enhance student learning and value giving students EOTC opportunities. Hence we need your consent for your son/daughter to take part in EOTC learning.

By signing the undertaking below, this will cover:

- Activities in the school grounds conducted outside the classroom and may include activities where some level of risk may have to be managed, for example, use of the climbing wall.
- Off-site activities in the local community including visits to local galleries, sport and recreation facilities.

NB: All EOTC activity categories require staff to undertake an analysis of risks, and identify management strategies to eliminate, isolate and minimise risk. Specific consent will be sought where higher risk activities are to be undertaken.

PARENT/CAREGIVER UNDERTAKING
